Bartholemy Feud With Hale Flares On Games Plans

Charges, Counter-Charges Fly as Director Leaves Job

It all started routinely enough—but then something happened!

Last Friday, Prentis C. Hale, president of the organizing committee for the 1960 Olympic winter games at Squaw Valley, issued a statement in his San Francisco headquarters to the effect that Alan Bartholemy had "resigned" as technical director for the organization.

While no reason was then assigned for the action, Hale stated that the departing official had played "an important role in planning" the forthgoming games and that "his efforts are sincerely appreciated."

The following day, a dispatch carrying a Squaw Valley dateline said that Bartholemy denied his "resignation" and early this week he issued a lengthy statement to the public, confirming that his connection with the committee had been terminated.

Bartholemy charged that Hale had forced him out to make room for Robert King, recently assistant to Vice President Nixon in Washington. He went on to say, "I find ti impossible to work under Prentis Cobb Hale."

He said Hale's alleged unwillingness to heed recommendations of "the finest technical experts" had caused unnecessary delays in preparations progress. He accused the committee head of being dilatory in insuring an adequate avalanche control and snow safety plan, and also of a lack of comprehension of the need for recreational facilities within the Olympic village. The departing director said the 1960 winter games are rapidly becoming known as the "Montgomery Street Olympics," after the San Francisco financial district.

A short time later, Hale countered by denying the specific charges made by Bartholemy. He said that the record will show the committee last October voted to demote Bartholemy from the position of executive director to that of technical director "for his inability to perform the functions" of the former position.

"It is significant," Hale said, "that his resignation. . . follows his failure to obtain a salary increase from $15,000 to $25,000 which he demanded several weeks ago."

Hale characterized Bartholemy's statements as "reckless and unwarranted."

Bartholemy said his only reason for issuing the statement he did was his "concern for the success of the games." He said that unless a change in operating methods is made "the consequences will be disastrous." He charged that morale among committee staff members is "at a low ebb."

Bartholemy charged that King's hiring was part of some sort of a deal with the vice president to secure passage of a federal appropriation for the games at Squaw Valley at the present session of Congress. Robert DiGiorgio, committee member who was in Washington to work for passage of the $4,000,000 bill, denied this and added, "What a disgruntled employee says when he's fired doesn't usually bear much relationship to fact."

Hale's parting shot was, "Mr. Bartholemy's shortcomings have been painfully evident. . . In view of the circumstances, I readily concede that a mistake was made last October in not requesting Mr. Bartholemy's outright resignation."

In answer to the Bartholemy charge that the committee was slighting local interests in eastern California and Nevada, Hale pointed out that civic groups are functioning in Sacramento, Placer County and Reno.

Inter-State Water Commission Holds Session at Carson

Public Opinion Sampling Started to Assist Planners

Cecil Edmunds of Truckee and Wiliam Bechdolt, Tahoe City, were in Carson City Tuesday for sessions of the California-Nevada Interstate Compact Commission studying mutual water problems of the two states. Edmunds and Bechdolt are members of the official California commission.

The commissioners heard Director Harvey O. Banks of the California department of water resources urge an agreement on use of Lake Tahoe water acceptable to all parties concerned. He said such an agreement must be recognized by the compact commission as valid and not subject to allocation between the two states.

As a preliminary to such action, the members adopted a tentative set of definitions of terms as recommended by a special committee.

Earlier this week, the commission began a public opinion survey to determine what landowners at Lake Tahoe prefer in regulation of the lake's water. The Field Research Company of San Francisco is under contract to conduct the door to door check. They are seeking residents' opinions on possible solutions and whether they would be willing to pay for expenses incurred in changing the methods of regulating the lake.

The commission has the responsibility of working out an agreement for use and distribution of unallocated waters of the Carson, Walker and Truckee rivers and Lake Tahoe, to clear the way for construction of the Washoe project in this area.

Preliminary discussions of water problems of the area were held in Carson Monday by the commission's engineering subcommittee.

Bureau of reclamation applications to the California water rights board for permits for Watasheamu reservoir on the east fork of the Carson south of Gardnerville and for Stampede reservoir on the Little Truckee River above Boca, the Alpine County water suits and operation of the proposed Prosser Creek reservoir were committee discussion subjects Monday. Watsheamu, Stampede and Prosser reservoirs are major storage facilities contemplated in the $53,000,000 Washoe project.

The water problems subcommittee scheduled another meeting, tentatively in Carson City, August 4 for additional discussion of the Lake Tahoe problems.

In another action, the joint commission approved a resolution requesting the California state water rights board and the Nevada state engineer to advise the compact commission of all proposed actions on water rights involving Sierra Nevada water.

The next meeting of the joint commission was scheduled for September 19 in Sacramento.

TRUCKEE JAIL BUSY, MANY ARE LOCKED UP

Peace officers in the Truckee area have kept busy during recent days, a survey of the bookings at the Truckee branch county jail reveals.

Between July 10 and Wednesday morning, 11 men were booked for violation of County Ordinance 8-10, some in combination with other misdemeanors, such as vagrancy, battery, etc. Sentences varying from 10 days in jail to $25 fines were assessed by Judge F. W. Wilson.

The arrests were made by the Nevada County sheriff's deputies and by Constable N. F. Dolley.

During the same period, five people were held briefly for investigation and one juvenile runaway was apprehended for return home to Marysville. Seven prisoners were held for Placer County on counts filed in the Lake Tahoe area.

BOY SCOUTS TRAVEL FOR SKATING PARTY

Truckee Boy Scout Troop 7 enjoyed a skating party to Skateland in Reno on July 16. Eleven boys made the trip under the supervision of Scoutmaster Percy Samme and Darol McGihon.

Returns to Court To Stand Trial For 1955 Slaying

Willie Wheat, 64, has been returned to Sierra County from Atascadero State Hospital to stand trial for the 1955 slaying of Lee Madsen on the Truckee River.

Superior Judge Gordon I. Smith at Downieville will preside over his arraignment in the near future.

Wheat is accused of shooting the Reno restaurant man when the latter, who was fishing just inside the Sierra County line on June 9, 1955, refused to give him a ride to Sacramento. Madsen managed to drive his car away from the scene and expired a short time later in a Reno hospital.

The accused, a transient from Berkeley, was taken from a westbound bus by officers. While awaiting arraignment, he managed an escape from the then new Sierra County jail. He was shot and soon recaptured. He has been in the state mental institution since a sanity hearing indicated at that time that he was incapable of comprehending the significance of the charge against him.

LIGHTNING STARTS THREE SPOT FIRES

Spectacular electrical storms in the region were blamed by the U. S. Forest Service here for three spot fires Tuesday and Wednesday. The first occurred two miles west of Boca Dam and the second at Ellis Peak, three miles west of Chambers Lodge. Yesterday's fire was on Lookout Mountain, just south of Schaeffer's Mill. All were small blazes, quickly controlled by suppression crews.

As of last evening, the fire score for the season in the Truckee District of Tahoe National Forest was eight by lightning and six man-caused for a total of 14.

Heavy rain accompanied the lightning yesterday afternoon. Power service was interrupted for about half an hour. Several local residents reported lightning strikes in the woods near town but apparently no serious damage resulted.

YOUTHS COOPERATE, HELP NAB BURGLARS

The cooperation of a group of Truckee young people was credited with early apprehension of two teen-age boys who burglarized Tom Bonano's Snak Shack at Donner Lake last week, according to Sheriff's Deputy Emery Lander.

The loot, consisting of two cases of beer, some popcorn and other items was hidden in the woods. The two youthful burglars were quickly caught, along with two others who were sharing the loot. The latter pair was charged with violation of the state alcoholic beverage control act.

My Place in the Sun

by DOUG BARRETT

A brief tear stood in my eye when I beheld the ruin that was my alma mater.....the old brick block house, Meadow Lake Union High School.....sacrificed to progress in transportation.....the highway work through town should offer opportunity and incentive to clean up a number of spots.....and make this an even more attractive home town.....Saw Sharon Pace and Doris Zoebel up from the bay region.....visiting Sharon's folks, the Tony Paces.....I feel my years when I reflect neither of these charming, attractive young ladies had yet been born when first we hit Truckee.....and me almost a man grown then.....In like vein, Barbara Phipps, expatriate Truckee school marm, called my Barbara at our Sacramento home the other day.....reporting her son Barry now has his driver's license.....Mrs. Gene Pierotti (Flori Digesti) who graduated from high school with me here was up visiting from El Cerrito.....and tells me her youngster graduated from high school in June.....O! tempore!

Jim Walker, cigar jauntily in jaw, cleaning up at the Toggery with a big broom early in the morning.....takes real pride in his business, inside and out.....Arlene Smart working double time getting the new gift shop annex at Smart's Cafeteria functioning.....really an addition.....Pleased us to see Father Patrick O'Neill at our home in the valley recently.....when he was down to consult his superiors about church facilities during the Squaw Valley Olympics.....Caught Clarence Osburn loading his Jeep Sunday, ready for a fishing excursion into White Rock.....with his brother, Charlie, and the younger ones.....From all reports, fishing hereabouts is as good as it has been in years.....Also on Sunday we were guests of Dale Stricklin for a pleasant spin around glorious Donner Lake in the big boat from his landing back of Donner Lake Lodge.....got a bit of sun branding but well worth it.....and Dale handled the craft so we felt like safe in our own parlor.....Caps 19 cents, Re-caps $7.95".....now there is a sign of something or other on our main stem.....A comfort and a continuity 'midst changing scenes is the billboard-type ad painted on a rock by Donner Lake.....advertising several brands of bikes for sale at "Burckhalter & Co." in Truckee.....said firm having been listed as far back as Heald's Directory of 1871.....Anne Kehm bemoaning the unhappy fate that is sending her and her family to Sacramento to live this fall.....cheer up, Annie, Truckee is a good place to live but you can also enjoy life in Sacramento.....we do.

Thus endeth the annual trek back to the hills of our help..... whilst the bosses take off.....if we have repeated old yarns or garbled new news, forgive us.....like the pianist of proverb, we're doing the best we can.....and Walt is back next week .

Desert Sailors Defeat Truckee By Single Tally

Mountaineers Will Travel To Meet Top Nine On Sunday

The Desert Admirals from Fallon last Sunday sank the Truckee Mountaineers by a narrow 6 to 5 margin and pulled into a second-place tie with the host club in the Sierra Nevada League baseball standings.

Although played on the Truckee diamond, the contest was a home game for the Admirals—naval and air force personnel from the Naval Air Station at Fallon.

Jack Appleton held the men of the mountains to 7 hits while his teammates hit the offerings of Truckee hurlers Goicoa and Pello safely 14 times. According to the official scorer, Truckee got only one earned run—a seventh-inning homer by second baseman J. L. Robinson. Allen Bush's double was the only extra-bags clout for the victors.

Truckee tallied the first run in the bottom of the first. The Admirals retaliated with two in the second and two more in the third. Truckee narrowed the gap with two in the fourth and tied it up with another in the sixth. Fallon chalked two more in the top of the seventh and Robinson's homer with none aboard ended the scoring.

Beside Robinson, Truckee hitters were Bill Campbell, Roy Stone, Floyd Cooper, Ray Bell, Lou Goicoa and Grady Stewart. The Mountaineers stranded eight on the sacks, the Admirals ten.

Next Sunday Truckee travels to play the undefeated league leaders, Threlkel's Cubs, who will be shooting for win number 11. After that, the locals still have games on succeeding weeks with the Fallon Merchants, Verdi and Lovelock before the season's end.

SQUARE DANCE REVEL DRAWS RECORD CROWD

The floor of the gym at Tahoe-Truckee High School was filled to capacity with 12 to 16 squares and the bleachers were well filled with on-lookers Sunday afternoon when the Donner Dancers of Truckee and the Tahoe Twirlers of Kings Beach united to stage their third annual folk and square dance festival here.

Fourteen callers from Nevada and California kept the dancers twirling for four hours of square dancing, interspersed with round and folk dances.

Dancers from as far away as Utica, N. Y., joined the fun. Several groups from Reno, squares from such places as Borrego Springs, Greenville, Santa Rosa, Auburn, Forest Hill, San Diego, Sloat, Tracy, Pittsburg, Loyalton and several other communities helped to swell the crowd.

During the afternoon, the Near and Far Folk Dance Club of Reno staged an exhibition of "La Suriana," a native folk dance from southern Mexico. The Promenaders and the Sashayers, also of Reno, each presented beautiful and interesting exhibition dances.

Almost half the crowd finished the festival with an evening pot luck picnic at Donner State Park.

The two-office structure was designed by Dave Johnson, architect with Branden Enterprises of Hayward. It is in the Broderick pattern and is set off by modern business furnishings.

In discussing his recently established real estate operation, Jones said that business has been active and he is looking forward to excellent prospects in the all-year operation.

Big Lake Tahoe Regatta Starts Saturday Morn

Power Boats from All Over America Converging For Cup Test

International power boat racing enthusiasts will focus attention on the Tahoe City Commons course Saturday, July 26, for the sixth annual running of the Mile High Regatta, recognized as one of the top such sporting events held each year in the United States.

The starting flag will fall at 9:00 a.m. The climax will be the running of the Mapes Cup race for the powerful unlimited class boats around 2:30 p.m. The feature event will be a wide-open thriller, with the defending champion, Miss Wahoo, reported out of action this year.

The courses have been laid out to provide excellent viewing for the more than 25,000 spectators expected. The regatta will be conducted by the California Speedboat Association under the sponsorship of the Lake Tahoe Mile High Regatta Association, headed by Morian Visal, former hydro driver now with Sierra Boat.

Last year, the Tahoe events attracted more starting entries than did the famed Gold Cup at Seattle, held three weeks later. Points scored at the Tahoe Regatta will be credited toward the APBA cup crown, adding heavily to the interest shown in the events.

Bill Waggoner's Shanty II will be prominent in the competition. In tests at Lake Mead early this week, Shanty II hit 100 miles per hour with Col. Russ Schleeh at the controls. Schleeh said the trim craft was "just coasting" and that he thinks "there is every indication she will be a success." Another Waggoner contender, Maverick, is the object of much speculation after its impressive win of the Diamond Cup at Coeur d'Alene, Idaho, recently.

J. Philip Murphy, active member of the host association, plans to enter three hydros — Breathless, Breathless II and Muv-A-Long.

Thriftaway II, powerful "cockpit forward" craft owned by Willard Rhodes of Seattle is en route to Tahoe for the races. Brien Wyglie, Boeing aircraft test pilot, will fly directly to the lake from England to drive the Rhodes entry.

From the east will come Joe Schoenith's Gale V and Gale VI out of Detroit, George Simmons' Miss U.S. of Detroit and George J. Timper's Wildroot Charlie of Buffalo, N. Y.

It is expected that Ole Bardahl's Miss Bardahl, winner of the Apple Cup at Lake Chelan, Wash., will be piloted by Miro Slovak, who drove Miss Wahoo to victory at Tahoe last year. Also rated as a possible entry is Miss Supertest, Canadian champion unlimited hydroplane, owned by James Thompson and driven by Arthur Asbury.

Three heats will comprise this year's race, with the first two to consist of five three-mile laps and the third of 10 laps. The big boats have been tuning up at Lake Tahoe this week and test runs will take place up until race day.

Qualifying runs for drivers who have not qualified this year will be held from 9 a.m. to noon and from 1 to 6 p.m. Friday.

Judy Wadsworth, Miss Nevada of 1958, will reign as queen of the regatta. A final entry list of 15 or 16 boats has been predicted.

BIBLE CRUISE OPENS AT 9:30 ON MONDAY

"The summer affords a marvelous opportunity for young people to attend a two weeks period of real adventuring in God's Word," declared Pastor Roy Rhoades of the Truckee Bible Church in announcing that the Bible Cruise here will begin next Monday at 9:30 and will meet at the temporary home of the church. Transportation will be provided those who need rides. The principal teachers will be Mel and Roena Moore, recent graduates from Arizona Bible Institute. Some of the ladies of the Truckee Bible Church will be helping with the younger children in hand work, playing the piano and furnishing resfreshments.

The students, who are working with Student Missionery Council, are from seminaries and Bible Institutes all over the United States and Canada. Last Thursday was the occasion of the presentation program for the last three schools. In Virginia City there were 57 present, in Sierraville 96 and in Tahoe City there were 84 out Friday afternoon in the Community Center.

KINGS BEACH SAILOR IN EUROPEAN PORT

LISBON, Portugal— U. S. Coast Guard Cadet William G. Walker of Kings Beach arrived last week in Lisbon in the Coast Guard Cadet training bark 'Eagle'. The 'Eagle' is one of the three ships comprising the Coast Guard Cadet Practice Squadron now on its annual summer training cruise to Europe.

Cadet Walker, son of Mr. and Mrs. Yancil W. Walker, Box 183, Kings Beach, Calif., also visited Dublin, Ireland and Amsterdam, Netherlands and will visit Bermuda, before returning to New London, Conn., in August.

As a student officer, Walker's summers are spent at sea while he pursues the four-year academic course. Upon graduation, he will receive a bachelor of science degree and an ensign commission in the U. S. Coast Guard.

TRAILER ORDINANCE UP TO JULY 25 MEET

AUBURN— A proposed trailer ordinance has bogged down again and is now under study of a committee consisting of three supervisors and three members of the county planning commission, who propose to come up with something definite by the July 25 meeting of the planning commission in Auburn.

The planning commission representatives are Chester Gibbs, Harry Stubley and Charles Finning. Supervisors are Frank Paoli, J. O. Anderson and L. L. Anderson.

The smaller committee was suggested by vice-chairman T. J. Pugh of the planners after an hour of discussion proved futile at a joint meeting last week.

Representatives of the health department, sheriff's office and the district attorney's office are also to be present when the committee meets.

An effort is being made to provide an ordinance that can be applied to the entire county, with a degree of justice.

The original new ordinance was opposed by Sheriff W. A. Scott as difficult to enforce.

Commissioner Harry Stubley takes the position all trailers should be parked in authorized trailer parks while in use.

Others contended this would be an obstacle to legitimate use of trailers for recreational purposes in the county.

It was agreed the present ordinance on the Placer County books does not provide the answers.

Nevadans at Tahoe Reminded to Register

CRYSTAL BAY— Nevada residents in the Lake Tahoe area are reminded by Washoe County Clerk Harry K. Brown that they have only until August 2 to register to vote in the September 2 primary election in the silver state. Names must be on the registration rolls before 9 p.m. on August 2.

More than 200 different exterior body colors were used on the 1958 American automobiles, reports the California State Automobile Association.

NOTICE OF HEARING SQUAW VALLEY PRECISE ZONING ORDINANCE

Notice is hereby given by the Placer County Planning Commission that said Commission will hold a public hearing at 3:00 P.M. on Saturday, August 2, 1958, at the Squaw Valley Lodge, Squaw Valley, Placer County, California, to consider a proposed precise zoning ordinance in connection with the Squaw Valley Master Plan, as approved by the Planning Commission and reviewed by the Board of Supervisors. Said precise zoning ordinance will cover the area defined as all that land lying within the Squaw Creek watershed area, including all of the east half of Section 28, T 16 N, R 16 E, M.D.B.&M. and the west half of the west half of Section 27, said township and range.

At said hearing all persons in favor and opposed thereto may be heard.

GORDON COLLINS,
Secretary, Placer County Planning Commission
NANCY CAPERON,
Clerk of said Commission.

There was a young man named Will
Whose travels seemed all uphill
But the trouble was fixed
He got "76ed"
Now driving does not whip poor Will!

Yes, a tankful of New Royal 76 makes the road seem faster, shorter. Why? Because it's the West's most powerful premium gasoline!

WIKANDER BETTER

The Howard Guths have received word from Mrs. Victor Wikander that the latter's husband has returned home following his recent seige of illness in a Sacramento hospital and is much improved, although still somewhat weak. It would help his recovery a great deal to hear from his old friends in the Tahoe area, where the Wikanders have been well and widely known for many years. His address again is 1055 Warfield Avenue, Oakland 10. We're glad to hear he is improving and hope he is well soon.

ALTAR GUILD

The newly-formed Altar Guild of St. Nicholas Episcopal Parish held its first meeting in the home of Mrs. Hunt at Tahoe City on Tuesday evening, July 22, at 7 p.m. Organizational matters occupied the ladies during the session .

STAIRWAY PROGRESS

Work is progressing nicely on the new stairway, being built under the auspices of the Woman's Club of Tahoe, from the Tahoe Commons to the Commons Beach. It is hoped this much-needed civic improvement may be completed in time for the Mile-High Regatta on Saturday and if so it will greatly facilitate spectator traffic for the events.

Jobs Up in State

SACRAMENTO —(CNS)— Employment in California climbed 85,000 above May during June to reach a total of 5,638,000 but still was off 76,00 0from a year ago, the state director of industrial relations reported.

The department of employment said unemployment dropped 13,000. However, this still was 187,000 more than a year ago.

The department said 5.9 per cent of the labor force was seeking work during June, the highest such ratio for any June since 1950.

NOTICE OF HEARING SETBACK VARIANCE

Notice is hereby given by the Placer County Planning Commission that hearings will be held by said Commission on August 8, 1958, and August 22, 1958, in the Supervisors' Room, Courthouse, Auburn, California, at the hour of 11:00 A.M. to consider an application for a variance to build carport to the northerly property line on Lots 1, 2, 3, 4, 5, and 6, Block "H", Lake Vista. Said variance is requested because of snow removal difficulties in the winter months.

At said hearing all persons in favor of the granting of said variance and all persons opposed thereto may be heard.

TAHOE AREA HORSE TREK SET JULY 26TH

July 26 to August 2 are the dates set for the annual Western States Trail Ride from Reno, through Squaw Valley, to Auburn. Horseback riding devotees from all over the west will coverge upon this region at that time. Reno area riders will leave at 7 a.m. Saturday on the first lap of the westward ride.

Dr. Lawrence Etter is Nevada director and he will be in charge of the riders as they make their way through the Lake Tahoe area to Squaw Valley where they will rendezvous with a second group to continue on to Auburn, a distance of around 100 miles.

A feature of this annual trek is the one-day 100-mile ride from Tahoe City to Auburn on August 1, when riders carrying traditional Pony Express mail must complete the run to the Placer County seat within the 24-hour stretch to be eligible for the Silver Buckle award.

The California State Chamber of Commerce also reminds horse riders, owners and hobbyists that the High Sierra Trail Rides will begin on August 4 at Tahoe Valley and end August 9 at Pacific House.

PLACER BOARD WILL HEAR SQUAW PLAN

AUBURN— The Placer County board of supervisors will hold public hearings in Auburn on July 29 on a proposed master plan for Squaw Valley which has been received from the county planning commission.

The plan was adopted by the planning commission at its meeting on July 11. An official notice of the July 29 session will be found elsewhere in today's Sierra Sun.

The proposed new San Francisco Giants' Stadium will occupy a total of 77.3 acres of land on the easterly slope of Candlestick Point.

JACKIE ROSS is currently appearing at the Crystal Bay Club, with the Dick Lane Quartet. Jackie has been featured at the Fairmont Hotel in San Francisco for the past twelve years and holds the worlds record for a consecutive engagement for any bandleader in a major hotel in the United States. Along with the Dick Lane Quartet, Jackie features Patty Richards and Dee-Jay Johnson. The group is one of the most entertaining and versatile musical aggregations to be seen in the Tahoe area for a long time.

SOUTH LAKE PAIR WIN BIG VERDICT

A superior court jury at Placerville this week awarded $60,061 to Jack R. and Myrtle Holmes of Tahoe Valley in their personal injury suit against Dr. A. A. McKinnon, El Dorado County physician and health officer. This is one of the largest jury awards in the county's history. The jury deliberated for two and a half hours.

The plaintiffs asked $250,000 for injuries suffered in a collision on Highway 50 near Placeville January 22, 1957.

To California

...a glass of beer is many things

To many Californians, a glass of beer means light refreshment—it's their favorite beverage. Beer "belongs" —especially to our relaxed, outdoor living in California.

But to the nearly 8,000 men and women in California directly engaged in the Brewing Industry, a glass of beer means more than a light refreshment. To these Californians, a glass of beer stands for their livelihood. Beer belongs to California prosperity.

ANNIVERSARY

Yes, Fred and Frances Rockholm celebrated their 11th wedding anniversary also at the Bal Tabarin.

WEATHER

Cloudy, muggy, a real thunder and rain storm visited the area during the week, which freshened things up and laid the dust and washed the pollen away.

FISHING

Fishing was good, especially at the streams. One young man caught 30 from the Truckee River.

VISITOR

Chris Boyeler, father of Barbara Mallory, (Coryell) was up for a short vacation and visited us in the meantime. Very nice gentleman too.

NEW SHOWS

Visit the Crystal Bay Club every night from now on and see the new show. It features Jackie Ross with the Dick Lane Quartet. All shows are in full swing now with not a dull moment any place.

NATIONAL PUBLICITY

A national magazine, Seventeen, has given editorial mention to one of our local businesses. This is wide-spread publicity, because Seventeen has a circulation of almost 2,000,000 and a readership of about 4 million. Chosen for this mention was the Riviera Shop of Kings Beach and Bijou, and which has just opened its new stores in the Tahoe Tavern at Tahoe City.

MOTHER AND DAD

John and Mrs. Nicholson, Tahoe City, became the parents of a beautiful baby girl this week at the Tahoe Forest Hospital. The grandparents have just about taken over and no wonder. I am quite interested too as I performed the marriage ceremony for the swell young couple. Congratulations!

Trans-Sierra Jeep Jaunt To Tahoe Set Saturday

GEORGETOWN— The sixth annual Jeepers' Jamboree takes off next Saturday from Georgetown's Main Street, "over the hump" to Lake Tahoe.

Jeepmaster Mark Smith reports a heavy early sign up to make the rugged trip that winds over the roof of the Sierra and through such picturesque spots as Uncle Tom's Cabin, Wentworth Springs, Alley Oop, Devil's Playground, Devil's Postpile, Loon, Pleasant, Bisbee, Buck Lake, Spider and Rock Bound lakes.

The Jeepers will rendezvous for a "mountain man feast" at Rubicon Springs Saturday night and complete the trip to Lake Tahoe near Chambers Lodge Sunday morning.

The annual mountain driving event attracted 257 Jeeps and almost 800 passengers last year. It is a non-profit event, sponsored by the Rotary Club of Georgetown Divide

It has been recommended that passengers leave "all firearms, children under 14 and pets" at home. Due to the rough terrain, only Jeeps are eligible and no cooking equipment is carried since all meals are served by catering groups, covered by a $15 assessment for the two-day outing.

On Monday morning, the lake level was 6228.96, "provisional" and subject to revision, with all gates closed.

REGATTA RACE ACE SPEAKS TO ROTARY

TAHOE CITY— Bill Stead, who will drive the Maverick in the July 26 Mile High Regatta, was guest speaker at the July 15 luncheon meeting of the Tahoe City Rotary Club.

Stead, a veteran driver of high powered boats, told the 25 local members and 24 visiting Rotarians that the circuit races have become a wealthy mans sport and that the value of racing boats and equipment in Tahoe City for the regatta will total $1,000,000. The circuit races include Seattle, Washington, Detroit, Michigan, Lake Mead, Nevada and Lake Tahoe.

In answer to questions, Stead said these fast boats' motors are souped up so that it is hard to compute horsepower but, he thought the H.P. of the Maverick would be about 4,000. He anticipates he will be traveling at 170 M.P.H. on the straight of ways in the July 26 regatta and still not be using all the power the Maverick motor can develop. Stead said drivers must be careful about opening up to the limit of their motors since the motor might blow up.

Regarding the possibility of still faster boats than will be seen in the regatta, Stead predicted that within another two years the jet motor will be the power plant and there will be much faster speeds.

The speaker was introduced by program chairman George Kehlet, who first introduced Fred Main, father of the Mile High Regatta. Martin Spitsen presided at the meeting at Tahoe Inn.

Mrs. William Reinhardt of Pasadena wrote that she will spend an indefinite vacation at her Brockway home.

KINGS BEACHER NEW COUNTY PLANS HEAD

AUBURN — The Placer County Planning commission re-organized at the conclusion of last week's general session in Auburn and elected Harry Stubley of Kings Beach as chairman for the fiscal year 1958-59 by a vote of 5 to 2 over Edward A. Grey of Lincoln.

Grey had been nominated for re-election by T. J. Pugh of Roseville, which brought up discussion on whether the position of chairman should be rotated, as has been customary on the board of supervisors.

Informal discussion indicated at least five members of the commission desired rotation.

Stubley was then nominated by Gordon Collins, and members voted by secret ballot, with Stubley winning. One member abstained in the voting.

Pugh was nominated for vice-president, but declined, on the ground if rotation were in order, he was not eligible. Chester Gibbs of Colfax then was nominated and elected without opposition. Charles Finning of Foresthill was named second vice president, and Gordon Collins of Auburn secretary, both without opposition.

Grey then asked about attendance at the state planning commission sessions in Santa Barbara, and the commission voted to recommend that Grey as past president and Stubley as president be sent to the 1958 convention. The budget figure of $300 is to provide for both providing county executive John Bernard approves.

A proposal to invite the state planners to hold a meeting at Lake Tahoe was held in abeyance. The years 1960 and 1961 were discussed as suitable, with some difference of opinion about the proper year.

SOLONS STUDY NEED FOR BOAT REGULATION

A California legislative interim committee, headed by Assemblyman Rex Cunningham of Ventura, visited Donner Lake and Lake Tahoe late last week, gathering information and data to help establish a uniform state code of regulations for boating. Before coming to the area, the group held sessions at Folsom Lake in western Placer County.

Upon return to Sacramento, the committee chairman said state legislation will be necessary to end confusion over conflicting regulations governing operation of small boats. He declared the use of California water for recreational purposes is subject to over-lapping controls by city, county, state and federal agencies.

Cunningham cited the fact that at Lake Tahoe five counties, two states and the federal government "all have some degree of regulatory power."

Nicolas and Company, certified public accountants, who stated that the clerk cannot keep up with the work load on a part-ime basis.

William Englehart and William Englehart, Jr., returned last Friday from Sacramento where they attended a Coca-Cola Company meeting held in the El Dorado Hotel.

MINOR MISHAPS MARK WEEK'S HIGHWAY TOLL

Eight-year-old James Henry relearned by hard experience Saturday afternoon a lesson impressed on him by his parents, to-wit: look both ways before darting into the street. Sighting his dog across the road in Tahoe City, the youngster sprinted out—and ran right into the side a car being driven by his grandfather, A. M. Henry of Tahoe City.

According to California Highway Patrolman E. R. Meixner, the car was proceeding at less than 15 miles an hour and James was only knocked out momentarily and somewhat shaken up.

Shortly before midnight July 20, cars driven by Alva Hooper of Truckee and Frank Morton Petersen of Reno collided and were badly damaged five miles west of Truckee at Donner Lake. Minor injuries were reportedly sustained by Mrs. Petersen and their four-year-old son, Stephen. No citation was issued immediately, pending investigation by Patrolman Edward McCallen.

At 12:30 a.m. last Friday, three men were injured when a car driven by Harry Thornton Stevens of Oroville hit a highway guard rail 8½ miles west of Truckee and overturned on the road. Stevens and his passengers, William Allen Jardine and William Preston Ash, both of Portland, Ore., were taken to Tahoe Forest Hospital. Officer McCallen cited the driver for excessive speed.

Mrs. Thelma Burroughs of Kings Beach reported that she suffered "whiplash" injuries when her car and one registered to H. J. and Terry Finnegan of Los Angeles collided at Tahoe City at 6:30 Sunday morning. Mrs. Burroughs was on her way to work at the Tahoe Forest Hospital and reported the accident after driving to Truckee.

STATE ASKS BID FOR RADIO SIGNS ON HIGHWAY 40

The division of highways has called for bids for the installation of two radio-controlled road condition signs on U.S. 40 near Colfax and near Baxter. The bids are to be opened in Sacramento August 20.

The signs are being installed on an experimental basis to provide motorists with current information on highway conditions east of the sign locations. The signs are to be activated by radio from the Yuba Gap maintenance station or, in an emergency, from the headquarters communications center in Sacramento.

Each sign will consist of three lines. The top line permits the changing of the words: Chains, Road and Caution. The second line contains the words: Required, Clear and Closed. The third line shows the words: Ahead, Over Summit and Icy Ahead.

By a combination of these various words, messages indicating almost every type of highway condition can be activated; such as: "Road Clear Over Summit," "Road Closed Over Summit," "Chains Required Icy Ahead," "Chains Required Ahead," "Chains Required Over Summit" and many others.

Highway officials say they are hopeful that the new signs will provide more current information to the motoring public on highway conditions over the Sierra than is now possible with the manually changed type of signs used. Road conditions in this section change very rapidly on occasion, particularly during the winter season.

The state highway commission recently added $17,000 to the current division of highways budget to provide for the installation of the signs.

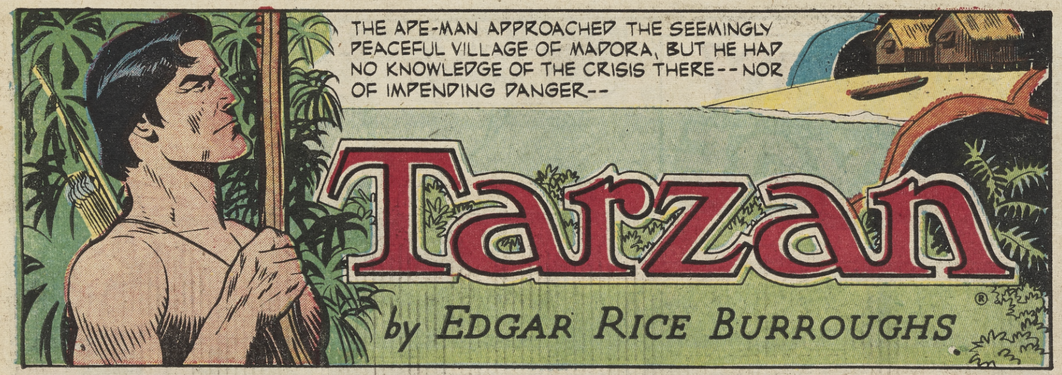
Tarzan

by EDGAR RICE BURROUGHS



THE APE-MAN APPROACHED THE SEEMINGLY PEACEFUL VILLAGE OF MAPORA, BUT HE HAD NO KNOWLEDGE OF THE CRISIS THERE--NOR OF IMPENDING DANGER--
AS TARZAN ADVANCED TOWARD THE FISHING COMMUNITY, HE WAS SET UPON BY NATIVE OUTPOSTS.
HE WAS THEN SWIFTLY DISARMED, TIED AND TAKEN TO THE MIDDLE OF THE VILLAGE COMPOUND--
WHERE THE TRIBAL WITCH DOCTOR WAS GOING THROUGH A FRENZIED DANCE. 7-27-1429
"THE SPIRITS HAVE SPOKEN!" HE SCREAMED DRAMATICALLY. "THEY SAY THAT THE WHITE MAN MUST BE SACRIFICED TO TA-HU."
"WHAT IS THIS ABOUT? WHAT IS TA-HU?" ASKED TARZAN IN BEWILDERMENT. "A CURSE!" SAID THE CHIEF. "BECAUSE OF HIM MY PEOPLE ARE DYING--"
